

**The 19th International Conference on  
Computer Science and Information Technology**

We would like to invite you to contribute to and participate in the 19th International Conference on Computer Science and Information Technology (ICCSIT 2026), which will be held in Paris, France during September 25-27, 2026. ICCSIT 2026 is a forum for presenting excellent results and new challenges facing the field of computer science and information technology. It brings together experts from industry, governments and academia, experienced in engineering, design and research. The conference has been held since 2008. Over the past eighteen years, ICCSIT has developed into a well established conference covering topics from artificial intelligence to bioinformatics, theory and techniques for the design, application. The ICCSIT 2026 offers a rich program, including keynote speeches, regular presentations, academic visiting or tour. We need your contribution and participation to make it a successful event.
